

# Quick Start Guide to Voter Registration

Brought to you by The Center for Arizona Policy

## Churches can encourage voter registration three ways!

- 1. Send Arizona's official Voter Registration link, [www.servicearizona.com](http://www.servicearizona.com), to your church email list** and encourage congregants to register to vote online. [Click here for Email Suggestions](#).
- 2. Plan a voter registration drive.** [Click here for a FREE Voter Registration Kit](#) with what you need to plan a drive. The most important documents in the kit are also available online:
  - [How To Conduct a Voter Registration Drive](#)
  - [Frequently Asked Questions](#)
  - [2008 Key Election Dates](#)
  - [Early/Absentee Balloting Flier](#)
- 3. Preach a message about voting.** We are blessed to live in a nation where we can participate in the government and choose our leaders. Take time to discuss this great privilege and responsibility. Three excellent resources are:
  - [Family Research Council's Watchmen on the Wall Pastor's Portal](#)
  - [Focus on the Family's Social Issues page](#)
  - [David Barton's WallBuilders Organization](#)

## Running the voter registration drive is simple!

- You will need Voter Registration forms, black pens, tables, and volunteers.
- Before starting to register voters all volunteers should read the How To document (especially the legal instructions at the bottom), and the Frequently Asked Questions.
- Voter Registration forms are available from your [County Recorder's office](#).
- If you have wireless internet and laptops, you could also have computers set up opened to [www.servicearizona.com](http://www.servicearizona.com). By using computers, people can register immediately online. When they type in their Arizona Driver's license number, their current info pops up and they can verify and/or update their info. Before starting, have the volunteer test it with their own information so they can see how it works.
- Mail the completed forms to the [County Recorder's office](#). Forms must be postmarked by August 4 at midnight for the Primary election deadline, or October 6 at midnight for the General election deadline. You can mail all of the registrations for the same county in one envelope to that county's [County Recorder's office](#).

**If you need any assistance, want additional training, or would like to discuss your voter registration plans, please contact CAP at 602-424-2525 or 800-FAMILY-1.**
